

17,000 people served at over 70 locations, primarily in Chicago/Illinois with additional sites in Indiana and Wisconsin.

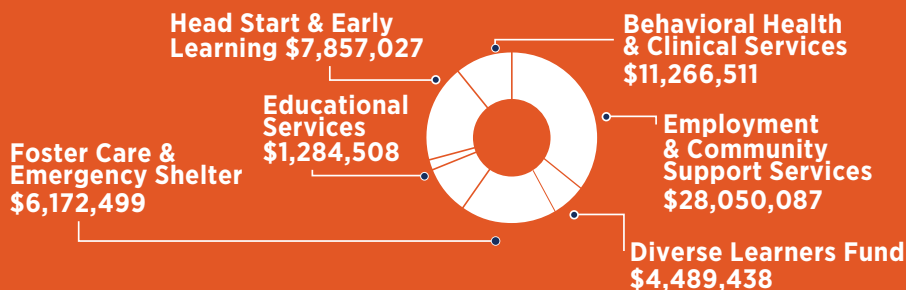

The mission of Ada S. McKinley is to empower, educate and employ people to change lives and strengthen communities. The agency was founded over a century ago by our namesake who invested all her time and personal resources to support African American World War I veterans and southern families fleeing to Chicago during the Great Migration. We are now one of the largest, most respected and impactful health care, education, and human service social enterprises in the Midwest. The agency continues to be a pillar of support for families through early learning and foster care programs; mental health services; college and career placement; and support for seniors and people with disabilities.

The financial information provided in this report is summarized from the audited financial statements for the fiscal year ended June 30, 2025. To obtain a copy, visit us at www.adasmckinley.org/financials.
