MORE ABOUT ADA S. McKINLEY

For over a century, Ada S. McKinley Community Services, Inc. has been a pillar of support for families and communities, primarily on Chicago's South and West sides. The agency was founded in 1919 by its namesake — a teacher and social reformer who invested all her time and personal resources to serve African American World War I veterans and support southern families fleeing to Chicago during the Great Migration.

We are now one the largest, most respected and impactful health care, education, and human service social enterprises in the Midwest with vital programming that continues to evolve as family and community needs expand. Services fall under the umbrella of child development and youth, employment and community support, and behavioral health and clinical as part of our mission to empower, educate and employ people to change lives and strengthen communities.

THE LOCATION

This 18-hole championship Odyssey Golf Course designed by two-time U.S. Open Champion Curtis Strange. It's a masterpiece of lush fairways and manicured greens. It was built in 1990 with the goal of making a private golf club experience available to the general public. The facility was established as a non-profit in late 2013 and gifted the course to the Odyssey Golf Foundation to serve veterans, active military personnel and children and adults with special needs.
